G+ BY GRAM PROFESSIONAL

MADE IN DENMARK

GR650 MIDI GLASS DOOR REFRIGERATOR

650 MIDI with glass door is robust and reliable and a good choice in kitchens where ergonomics and efficiency are crucial.

The compressor is located at the bottom of the cabinet, which allows the contents to be stored at a user-friendly height, and even more easily accessible thanks to the wide GN size (2/1 GN), which accommodates two 1/1 containers side by side. The glass door allows you to quickly see the contents without opening it.

As the model is both low in height and shallow in depth, it can be placed in areas with low ceilings and in narrow corridors.

The design is thorough and ergonomic, featuring a full-length door handle and the rounded corners and removable magnetic door gaskets make it easy to maintain optimal hygiene.

The intuitive and intelligent control panel is easy to operate, optimises operational reliability and ensures low energy consumption.

Delivered in the well-known high quality from Gram Professional, ensuring stable operation and long service life.

Standard equipment:
- Stainless steel interior and exterior
- 4 stainless steel wire shelves
- Right hinged reversible door with self-closing function and lock
- LED lighting
- Removable heavy-duty door gasket

Optional extras:
- Additional wire shelves and support rails
- Perforated shelves for small item storage
- Left-hinged door

	GLASS DOOR REFRIGERATOR +2/+12°C
MODEL	MIDI GR650 G S R 4S
ITEM NUMBER	946570120
VOLUME (liter, gross/net)	603 / 441
NUMBER OF SHELVES	4
ENERGY EFFICIENCY CLASS / EEI	E / 75,5
ENERGY CONSUMPTION (kwh/year)	1006
SOUND LEVEL (db(A))	48,2
COOLING CAPACITY AT -10°C (W)	410
COOLING CAPACITY AT -25°C (W)	–
CLIMATE CLASS	5 (40°C/40% RH)
DIMENSIONS W x D x H (m)	820x780x2000
GROSS WEIGHT (kg)	161
REFRIGERANT / FILLING	R290 / 0,123 kg
GWP / Co2 EQUIVALENT	3 / 0,000369 t
CONNECTION	230V, 50 Hz / 1,47A
CONNECTION LOAD (W)	260
