

Superior 700

Superior 700 is Gram Professional's top-of-the-range series, combining market-leading energy efficiency with high cooling capacity and operational reliability and long service life. With an annual energy consumption of only 278 kWh, the cabinet delivers best-in-class performance without compromise.

The cabinet features a 2/1 GN depth, allowing space for two 1/1 GN containers in depth, positioned on wire shelves or directly on support rails with anti-tilt function.

The chiller operates within a temperature range of -5 to +12 °C, while the freezer covers -25 to -5 °C, ensuring high flexibility for professional kitchen applications.

The cabinet is equipped with an intuitive and intelligent controller for optimal operation and low energy consumption, as well as an ergonomic design with full-length handle, self-closing door, rounded corners and removable magnetic door gaskets for optimal hygiene.

Delivered in the well-known high quality from Gram Professional, ensuring stable operation and long service life.

Standard equipment:

- Stainless steel interior and exterior
- 4 stainless steel wire shelves
- Reversible right-hinged door with self-closing function and lock
- Efficient LED lighting
- Practical pedal door opener
- Legs can be adjusted in height 135/200 mm

Optional:

- Additional wire shelves and support rails
- Perforated shelves
- Left-hinged door
- Castor set
